

Governance New Zealand Incorporated **Canterbury Branch**

September Luncheon & Presentation

Governance New Zealand in association with The Christchurch Golf Club invites you to a special lunchtime presentation.

Lunch with Antony Gough **Wednesday 6 September 2017, Christchurch**

Antony will talk about the events in his life and how they have shaped his diverse career and business interests.

He will cover what makes for good governance and share his thoughts on the internal pressures of being in a family business. "You can choose your friends and business associates but you are born with your family and all its pressures". The trick is to try to manage these successfully!

He will also talk about The Terrace development and the Christchurch rebuild.

Presenter

Antony Gough, Managing Director, The Terrace

Antony obtained a BSc Honors degree from Canterbury University with his speciality being in atomic physics. He then went on to help create and run the first real time, country wide, computer network in New Zealand linking branches from Auckland to Invercargill. This was followed by a stint sheep farming in south Canterbury, but all the while he was quietly building a property portfolio.

For the past twenty years Antony has been solely focused on his property holdings including running two hotels and two restaurants himself. The property holdings include the restaurant/bar area known as The Strip along Oxford Terrace which he developed.

The events of February 2011 destroyed all his property holdings within the four avenues. His staff levels dropped from 40 to 2. He is also a 50% shareholder in The Russley Retirement Village on the old Russley Hotel site in Roydvale Avenue that is currently in full build mode.

Antony chairs the Central City Business Association, is on the Property Council Executive and is spearheading The Terrace redevelopment which will be built where the former Strip was.
