

Women in Governance Awards 2019

Here are four great reasons to enter today....

1. **Industry and peer recognition** – Some achievements deserve to be shouted from the rooftops! Nominate yourself, a colleague, your organisation or team for the chance to be rewarded for your well-earned achievements.
2. **Publicity and promotion** – All those recognised at the Women in Governance Awards will be named and promoted in all coverage across website and social media platforms, and in Media Releases to all key media. Winners and finalists will receive a promotional “badge” for use in their marketing and business collateral.
3. **Inspiration is for sharing...tell your story and be a shining light for others to follow** – share your (or your organisation’s) journey and inspire other organisations, peers and upcoming governance professionals to begin their own governance journeys.
4. **Celebration** – everyone loves a reason to dress up and celebrate! The Awards Gala Dinner is a perfect way to honour the success of your hard work and achievements in the company of colleagues, family and industry peers.
